### ABOUT ADRIATIC METALS

We value a diverse and motivated workforce that thrives on seeking responsibility for excellence.

Adriatic Metals BH d.o.o. is committed to building a working environment that is secure, fair, and diverse and a culture that fosters leadership and allows every person to contribute and realize their potential. Sound employment practices are crucial to developing a workforce with the necessary skills and qualities to support a successful, ethical, and responsible business. Diversity is celebrated and encouraged.

### ABOUT THE ROLE

Reporting to the Chief Mine Geologist, the Senior Resource Geologist is responsible for developing the geological resource evaluations of Eastern Mining's Rupice operation including geological interpretation, resource estimation, resource modeling, and development planning.

Main responsibilities are:

- Modelling structures, lithology, alteration, and mineralisation.
- Estimation of grade, densities and other variables as required for short (Grade Control) and long-term (MRE updates) block models.
- Quality Control monitoring (QA/QC) of all data included in short and long-term estimations.
- Collaborate with the Engineering, Exploration, and Mining Contractor teams to coordinate all aspects of the geological resource processes pertaining to the project.
- Monitor regulatory compliance with respect to mineral resource and mineral reserve estimates.

## ABOUT YOU

The successful candidate will ideally possess the following:

- Tertiary degree in Geology or other relevant qualification.
- Minimum 5 years in a Resource Geologist role, with experience in resource modelling and estimation (essential).
- Experience in hard-rock underground mining preferred.
- Previous experience in base metals preferred.
- Experience in a developing country experience preferred.
- Maptek Vulcan/Leapfrog experience.
- Very high-level English language skills.
- Computer knowledge: achieve proficient knowledge and constant self-improvement of all geological and reporting software aspects required.
- Good time management and organizational skills.
- Detail-oriented and able to follow and maintain accurate, detailed documentation and policies.

## ABOUT OUR PROCESS

At Adriatic Metals, we are committed to employing individuals who align with the company values and meet the role requirements. Therefore, as part of the recruitment process, several checks may be conducted to demonstrate an applicant's suitability for a role, including police/criminal background checks, medical, due diligence checks, right-to-work checks, occupational assessments, and/or reference checks.

## HOW TO APPLY

To apply for this role, please send a copy of your CV clearly indicating the name of the role, to [posao@adriaticmetals.com](mailto:posao@adriaticmetals.com).
